

MADE Baseball Student Academic Reinstatement Letter

Since the end of grades closing last quarter, my student and MADE Baseball Player, _____, is working hard and doing everything in his power to achieve an A in my class. *It is very clear* that it is important to him to stay on his baseball team and to continue working towards achieving his goals as a student and as a player. I have noticed an improvement in his effort as well as performance. I am hereby signing off to begin training on his normal MADE Baseball schedule again.
